

My Vision for the Campus

Max Barnett

I. Introduction.

- A. The big thing on God's heart is for reconciliation.
- B. There are several things we must do to reach out to meet this goal.

II. Campus evangelism.

- A. We need to learn to relate to people in such a way that gets us an opportunity for evangelism.
- B. Evangelism should teach a person how to talk to strangers but also build relationships.

III. The goal is always to expose the non-Christian to the gospel and the Christian to discipleship.

- A. This can happen in many ways such as small groups or one-on-one discipleship.
- B. Learn everything you can about sharing the good news.

Application questions:

1. Why should evangelism be a lifestyle?

2. What does it mean to expose someone to discipleship or the good news?

3. How can you challenge yourself to share the good news beyond what you are used to?
