

# Navigator Objectives

*Lorne Sanny*

## I. Introduction - Matthew 9:37.

A. Jesus was moved with compassion because people were scattered abroad as sheep without a shepherd.

## II. The need.

A. All is not as it appears on the outside. People are as needy today as they were in Jesus' day. Most people are deeply looking for peace. Jesus has an answer - a sense of identity and meaningfulness to life.

## III. The answer.

A. The speaker unsure of whether he had surrendered his life to Christ did so at a young age. It gave him purpose and peace in life although there were no extravagant outward changes.

B. If there was ever a need to tell people about how right Jesus is, it is today.

## IV. Laborers.

A. There is a need for laborers to meet the needs of people.

B. The Navigators was founded by Dawson Trotman who was converted when through Scripture memory he decided that he wanted eternal life. He began training young men who wanted to know how to share their faith, and he trained them to train others.

## Application questions

1. How is the great need for peace answered spiritually?

---

---

2. How do the Navigators address people's great need for peace?

---

---

3. Do you have peace? How can you lay hold of this peace having already received Christ or having not yet made that step yet?

---

---
